InterLinc: Wireless

Use your **Palm VII** to:
- Search for an employee phone number
  - by his/her name
  - by location
- Look up an animal by its tag number.
- See daily fire runs.
- Find your voting precinct by residential address.
- Find your property's assessment and taxes.

Just download the InterLinc.pqa file (5K) and install it with your Palm Desktop program. The next time you do a hot sync, you'll be ready to get to InterLinc with your Palm VII!

Date started: March 17, 2000

For your **Palm V**'s and **Palm III**'s

The Wireless InterLinc can also be accessed through other Personal Digital Assistant (PDA) wireless devices with a browser at:

InterLinc: Wireless

Use your **Web Phone** to:
- Search for an employee phone number and then make the call to him or her. You can search by the following:
    - by his/her name
    - by City Department
    - by County Agency
    - by location

Wireless InterLinc can be accessed through a web-enabled wireless phone at:

http://www.ci.lincoln.ne.us/wap/

The phone must be digital and have a minibrowser installed. Phones differ by manufacturer. Browsers on a web-enabled phone allow you to enter information using the keypad, scroll through text, and select certain options on the display. For specific phone functions and use, please look in your user guide that came with your phone.
